Personal profile

A hard-working student with a keen interest in developing employability skills and learning within the work environment. Through a range of extra curricular activities, such as football club and participation in drama productions, I have developed my teamwork and communication skills. I have completed my Bronze Duke of Edinburgh Award, demonstrating commitment and responsibility. I am working hard to ensure that my GCSE grades are as strong as possible, this has included taking part in additional 'subject mastery' sessions. When I have finished my GCSE's, I hope to move onto an apprenticeship, hopefully within the hospitality and catering field.

Skills

Communication

I communicate well with teammates when playing football and I have developed excellent communication with my teachers at school.

Teamwork

As a sports person who enjoys competing with teammates, I thrive in social situations. I take on board the opinion of others and enjoy being around different personalities.

Organising / Time management

While studying GCSE Art, I have had to complete a lot of independent work. My portfolio has required me to organise my time effectively, to ensure I am able to have a manageable workload, rather than having a lot of work to do before the deadline.

Work experience

August 2024 - Present

Caring for siblings - Home

At home, I have been given increasing responsibility for looking after my younger brothers and sisters. As my parents work, I sometimes have to cook for the family, as well as playing with and entertaining my siblings. I also help the family by keeping on top of some housework and doing errands for my parents.

Education

September 2023 - Present

GCSE Exams - Allerton Grange School

I am sitting 8 GCSEs in June this year. I am predicted 5s/6s in English Language, English Literature and Geography, and 4s/5s in Mathematics and Double Science (worth two GCSEs).

Other interests

January 2023 - Present

Football Team

I regularly train for my local football team, Alwoodly Juniors, and I play games for them every weekend. I enjoy the physical challenge and learning new skills, as well as the social aspect of playing with teammates.

August 2022 - Present

Cooking

When I was 14 years old, my step-mum started teaching me how to cook. I now contribute to making family meals and I particularly enjoy baking cakes and tasty treats.
