Logging into the GO 4 Schools website – as a Parent or Student 🖶 Print

|	
	Access the GO 4 Schools website at **www.go4schools.com** and hover over the **Login menu** to see a list of Portals in GO. • If you are a student, choose **Student**. • If you are a parent, choose **Parent**.
	Use either Google or Microsoft Sign-in methods to verify your identity and log into GO 4 Schools. *Please ask your school if these methods are not enabled for you.*
	Using the Login form, submit your email address and password.
	Using the Login form, submit your email address and password. If you are a parent, GO 4 Schools has synced your email from the school (if you've chosen to share it). If you are a student, the school has shared your email with you. • If you have not logged in before, choose **First-time user**. • If you have forgotten your password and need to reset it, choose **Forgotten your Password**.
	Here you must submit your school email address as it is the only one known by GO 4 Schools. You will receive an automated email from no-reply@go4schools.com to the address you've submitted. Typically it'll arrive in seconds, but it may take a few minutes. If you can't see this email, it is worth checking your email junk folder.
	The email will contain a link for you to follow and continue setting up a new password in GO 4 Schools. The link will only be valid for one hour. Please follow the rules for your new password, and remember to agree to the privacy policy.
