

Geography - Year 7 End of term 1			
Expectations	Classwork, homework and assessments shows student has knowledge of		
	Definition of Geography (spheres)	Human and physical Geography	Origin of Geography (Ancient Greece)
	Globalisation and the Islamic Golden Era	Lines of latitude and longitude	Map coordinates
Developing	The student has developed their knowledge on most of the expectations above. Assessment shows that the student has knowledge of what Geography is and the spheres which make up our planet. But they have not secured the key concepts in enough detail to be able to recall and apply them in all forms.		
Secure	The student has secure knowledge of all expectations of the Geography curriculum that has been taught so far. Assessments show the student has secured the knowledge of the Geography curriculum by explaining what Geography is, where it has come from, as well as the interactions between the four spheres of Geography. As a result, has progressed in line with expectations.		
Complex	The student has clear and complex knowledge and fulfils all expectations of the curriculum so far. Assessment proves this and shows that the student has acquired an ability to recall and apply their understanding to explain the interconnections between the four spheres. They also have a comprehensive understanding of the process of globalisation and how geographical knowledge has been shared over time.
